Jointly Organised by:

Your Gateway to Architectural Excellence

As a cornerstone of the Kuala Lumpur Architecture Festival (KLAFF), this exhibition unites the brightest minds in architecture, interior design and building, creating an unparalleled platform for networking, collaboration, and showcasing groundbreaking products, materials, technologies and solutions.

Forging Strategic Alliance to Power Regional Progress

The strategic collaboration with the Ministry of Housing & Local Government (KPKT) has been instrumental in elevating the exhibition's significance.

In 2024, the ASEAN-China Ministerial Roundtable on Construction and Housing (ACMROCH) held alongside ARCHIDEX was opened by the Prime Minister and welcomed 10 Ministers from China and ASEAN, along with their delegates.

As Malaysia for the ASEAN Chairmanship in 2025, the collaboration with KPKT will further strengthen ARCHIDEX's role as an essential platform for advancing the industry across the region.

It is important for developers and architects, planners and policy makers to ensure it is culturally vibrant, modern and technologically sound but environmentally friendly and it takes into the consideration the requirement of all sectors. It must be a new tale of one city that is inclusive, designed to foster innovation, promote sustainability and ensure that the industry remains competitive on a global stage.

- YAB Dato' Seri Anwar bin Ibrahim, Prime Minister, Malaysia

We hope that anyone interested in architecture, interior design, and building materials will join us at ARCHIDEX. We are confident that this exhibition will help us [Ministry] promote sustainable urban planning with green technology and the latest architectural trends, ensuring that Malaysia continues to lead in sustainable urban planning for a prosperous future together.

- YB Tuan Nga Kor Ming, Minister of Housing & Local Government

Establish Your Foundation For Growth ARCHIDEX®

FENESTEX: Open Your Windows to the Future

FENESTEX (ASEAN Fenestration & Technology Exhibition) is a unique addition to ARCHIDEX, enhancing its relevance in today's rapidly evolving exterior architecture landscape.

This exhibition is set to redefine sustainable building solutions by showcasing cutting-edge products in windows, doors, glass and facades.

Key Features:

Focused Exhibition

Present a selection of innovative, eco-friendly products that push the boundaries of facade design

Special Installations

Inspire with a curated showcase and offer a glimpse into the future of sustainable architecture

Engaging Forums

Drive dynamic discussions led by industry experts, sharing insights on emerging technologies and sustainable building practices

Networking Opportunities

Connect with architects, trade buyers and industry leaders, share ideas and foster collaboration and growth

NEW Co-located
Exhibition

Why is Fenestration a New Focus?

The growth of the fenestration industry in Malaysia and ASEAN is leading the demand for sustainable windows and doors in commercial and residential projects.

Market Leadership

Capitalise on the booming ASEAN UPVC doors and windows market, projected to grow at **6% CAGR** by 2027, and the expanding Asia-Pacific flat glass market, set to reach **USD87.43 billion** by 2028

Industry Leadership

Showcase cutting-edge products and align with the evolving trends in sustainable and aesthetically pleasing building solutions

Additional Benefits:

Enhanced Exposure

Elevate your brand visibility with our **Fenestration e-Guide**

Recognition and Prestige

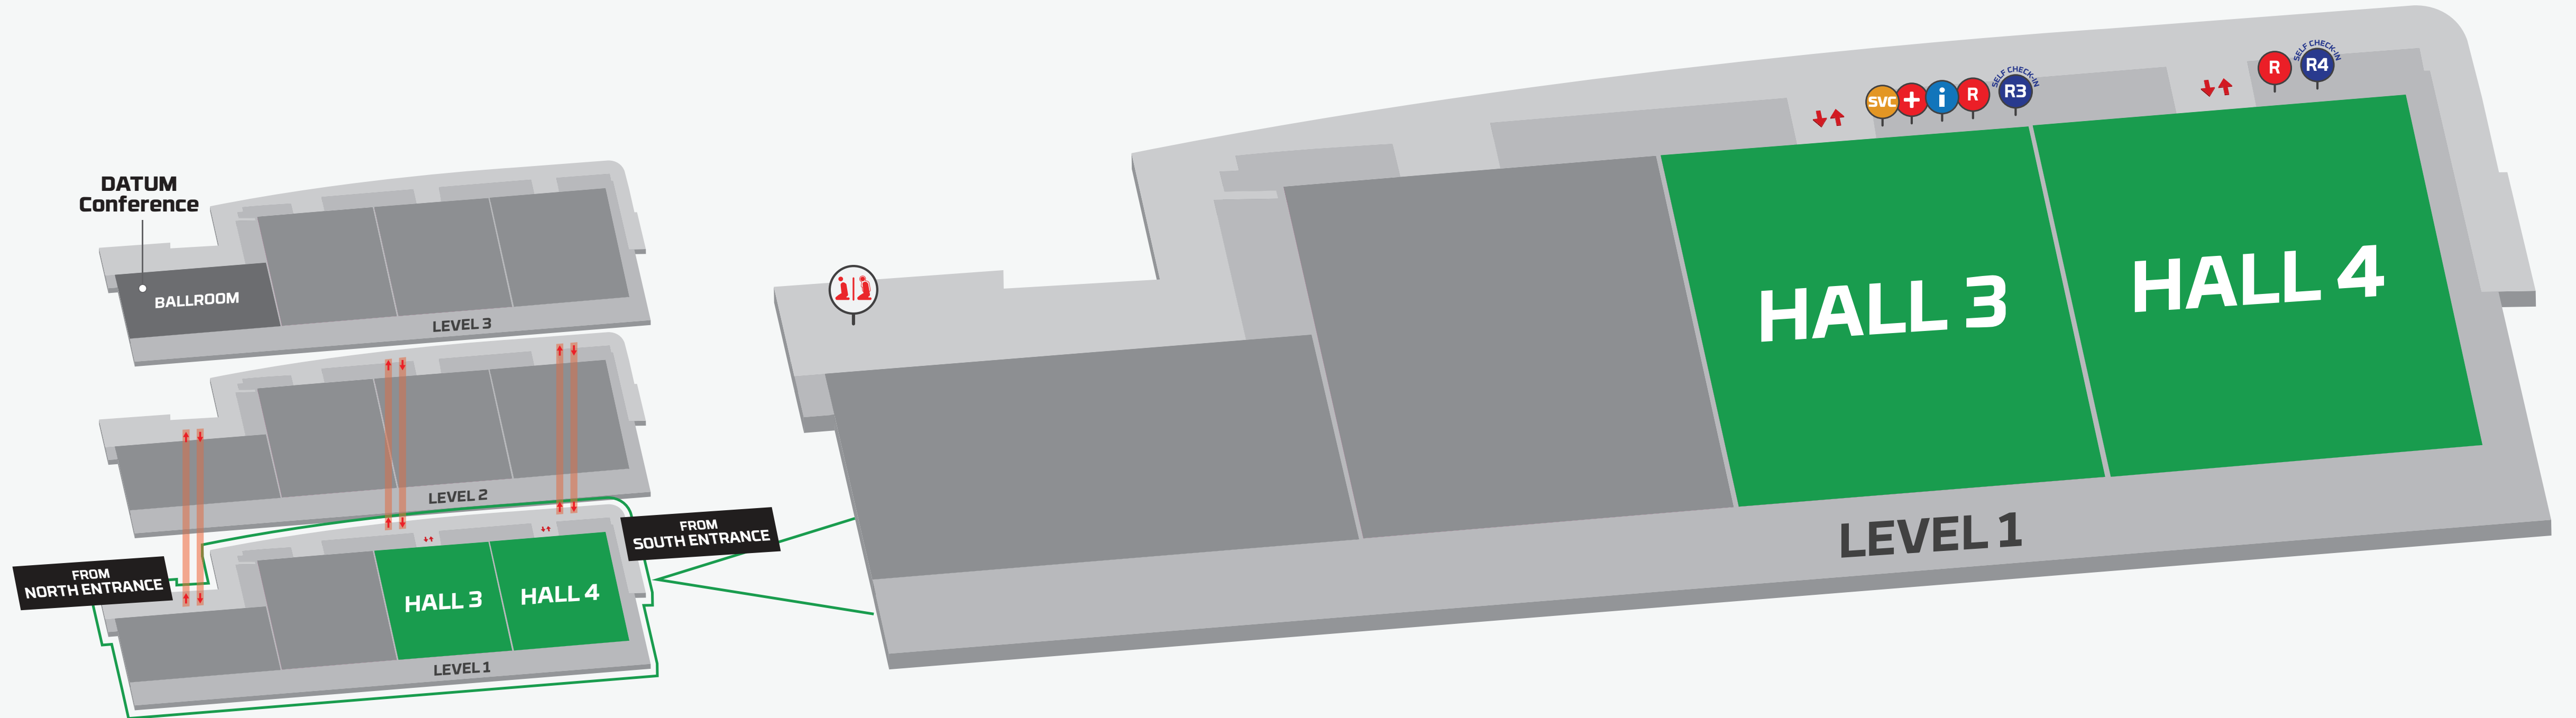

Stand out by competing for the **Fenestration Award**, celebrating your excellence and innovation

Showcase Your Innovations, Gain Unmatched Exposure, and Achieve Prestigious Recognition

Exhibitor's Reflections

“

“ARCHIDEX is the most suitable platform to launch our brands into ASEAN as it is a very large event and is probably the most important for the architecture and construction industry in Malaysia and this region.”

Sebastian Zettelmeir,
*Bayern International,
Bavarian Pavilion*

“

“The Chinese government encouraged us to participate in ARCHIDEX and we find this place a productive avenue for inter-company partnerships and a friendly platform for co-learning. As such, we can reach out to many in the built and architecture industry to learn from each other's strengths and technologies, producing better methods not just for us but also to benefit the environment.”

Carson Chang,
OSR, China Pavilion

“

“We have been with ARCHIDEX for 10 years and we see the outcome in the form of new customers and client base. ARCHIDEX is a very good place to present our new products.”

Leo Hew Y L,
*General Manager,
MBond Manufacturer Sdn Bhd*

“

“We want to position Saint Gobain as the go-to brand for all renovation and construction needs – from floor to ceiling. ARCHIDEX is the perfect platform for us to showcase our integrated solutions across seven brands.”

Belindle Lee,
*Assistant Marketing Manager,
Saint Gobain Malaysia*

“

“It's our first time here at ARCHIDEX Malaysia, having had a good experience previously with C.I.S in Jakarta. Malaysia is a potential market so it was very important for us to get feedback from architects, engineers and other industry people, and to understand the market. So far the outcome has been very good for us. We are very satisfied.”

Ondulit Italiana,
*Valerio Francione,
Export Manager, Coverib*

Visitor's Perspective

“

“ARCHIDEX is one of the biggest platforms in the industry. It welcomes all parties, not just the professionals, but also the clients. It helps us think further, expanding our research and attaching it to our design, keeping us moving forward in architecture.”

Tuck Leong,
Partner, WH Tan

“

“ARCHIDEX is a good platform for the construction industry, providing a space for industry players to showcase new products and innovations. This allows professionals to stay informed for their new projects. Ultimately, new innovations benefit end-users, making it a win-win for both suppliers and consumers in the long run.”

Dave Deng,
Products advisor, Vetech
Architectural Products (HK) Ltd

“

“ARCHIDEX is revolutionary. It brings together everybody in the industry under one place. Architects, designers, manufacturers and suppliers can all come together and learn from each other through this platform and build each other up.”

Joanna Ng,
Marketing Manager,
Kian (Hong Kong) Pte Ltd

“

“ARCHIDEX is an annual event for all the architects to gather, meet up and update each other and share past experiences as well as getting to know the recent trends of the development of products. It is a good platform for everyone to refresh themselves with the new move of the architecture industry within both local and international context.”

Teoh Eng Kuan,
Paradigm Architects Sdn Bhd

“

“ARCHIDEX is very good. We it worth coming all the way from the Philippines because a lot of our suppliers brought in new materials. Also, the Buyers' Lounge is beneficial and we love returning to ARCHIDEX every year.”

IDR. Jennifer See,
Quamo Material Solution,
Philippines

“

“We are an international company that represents a handful of the leading Asian companies in the metal industry. ARCHIDEX is a great place to network and source new products.”

Ruslan Linniks,
International Business Manager,
IBC Group
